Goldthwaite Texas
R 4. July 21 1926-
Mr. J. C. Collier
Dear Cousin
Your letter 18th received
To day.
I Was glad to hear from
You as I did not know
what to think about not
Hearing from You seoral
day ago. I Was thinking
of Writing You again
Texas is dry and may
Dry over most of the
State. our Crops Are
all sure sorry. Corn is
all most a Complete failure

feed Crops of all sorts is a failure. and Cotton is not much. however if We Could git rain soon Cotton might make a right smart.
But it will have to rain soon as lots of Cotton is Just about stop growing and it is small less Than 12 in high
You send The Flowers any Way You think best as I dont mind to see to Them. let me know When

to look for them.
My Family is all Well
and able to eat all the
peaches they can.
We have a nice bunch of
peaches for our use but
not Wanting to sell
they will come in good
play as we want have any
garden truck and such
like to can. so the peaches
will have a hard time
dont you think?
I sure Wish you would
come up this

summer or fall
With Best Wishes to You all
I will Close.
Respt H. R. Collier
